Online kursus – k90599

IoT Development

Teknologisk Institut

IoT Development
www.teknologisk.dk/k90599

Title	Estimated Duration (hrs)
Developing and Implementing IoT Solutions: Principles of IoT and Python Basics	1.20
Developing and Implementing IoT Solutions: MicroPython Board	0.70
Developing and Implementing IoT Solutions: MicroPython and Security	0.88
Developing and Implementing IoT Solutions: Using Raspberry Pi and OpenCV	0.50
Developing and Implementing IoT Solutions: Raspi-config and GPIO	0.60
Developing and Implementing IoT Solutions: Arduino Language	0.80
Developing and Implementing IoT Solutions: Cloud Implementation Using Azure IoT	0.90
Developing and Implementing IoT Solutions: Azure IoT Hub	1.00
