

Online kursus – k90203

Exploring the Future – VR, AI, and Machine Learning

Exploring the Future – VR, AI, and Machine Learning
www.teknologisk.dk/k90203

Title	Estimated Duration (hrs)
Introduction to Virtual Reality	0,70
Manipulating the VR Environment	0,67
Creating a Virtual Reality App with Unity	1,03
User Interfaces in Virtual Reality	0,75
Optimizing for Unity VR	0,67
Android Cardboard and Unity VR	0,60
Using GoogleVR and Unreal	0,75
Introduction to Artificial Intelligence	0,85
Search Problems	0,73
Constraint Satisfaction Problems	0,50
Adversarial Problems	0,70
Uncertainty	0,78
Machine Learning	0,80
Reinforcement Learning	0,58
Introducing Natural Language Processing	0,70
Introduction to Machine Learning and Supervised Learning	0,90
Supervised Learning Models	0,70
Unsupervised Learning	0,60
Neural Networks	0,70
Convolutional and Recurrent Neural Networks	0,70
Applying Machine Learning	0,65
