

# ROBOT BRAG

For the "ROBOTBRAG" on May 8, 2026, we gather university students from all over Denmark, and introduce you to your future employers, coworkers and innovation partners.

Welcome to the future.

## EXCLUSIVE PROGRAM FOR UNIVERSITY STUDENTS

OPENING HOURS OF THE EXHIBITION  
**09.00-13.30**

Alongside the time-specific activities - which you can get an overview of below - you will be able to explore robotic innovation spread over 100 different stands.

*You will be provided with a list of exhibitors who specifically wish to engage with university students.*

- 09.00-13.30 Visit the exhibition and the companies - your future employer
- 12.10-13.20 Inspiring keynote talks by business role models who share what their work looks like today, the opportunities in their fields, the journeys that brought them there, and their honest advice for students who want to shape their own career paths. (2.1 Innovatorium, DTI)
- 13.30-14.00 Networking event with draft beer
